

Board of Directors

Mesquite Regional Business, Inc.
11 West Pioneer Boulevard, Suite A
Mesquite, NV 89027

Dear MRB Board of Directors,

On behalf of all the partners of Deep Roots Medical LLC and DRN Holdings LLC, I would like to personally thank Mesquite Regional Business team members Gaye Stockman and George Gault for all their assistance to our organizations over the last year.

As I'm sure you know, applying for a Nevada Medical Marijuana Establishment license involves many moving parts and factors to consider. Regardless of the request, Gaye and George were there for our team. They set up key meetings with local government officials and local utilities on our behalf, gathered detailed local demographic and tax data necessary for our state application and overall business decision making and provided great advice along the way which proved to be spot on. And let's not forget the presentation and detailed information presented by Gaye to the Mesquite City Counsel. All their help saved our team a significant amount of time and allowed us to focus on our application and other key components to our project.

Deep Roots Medical and DRN Holdings has selected the City of Mesquite as the home of its operation. We are excited to be participants and contributors to this community. Mesquite Regional Business has undoubtedly played a vital role in our selection of Mesquite and without its help, it is very likely that we would not have ended up in Mesquite.

We look forward to working with Mesquite Regional Business for many years to come.

Sincerely,

Keith Capurro

CEO – Deep Roots Medical LLC
