Mesquite, NV 89027

RE: Deep Roots Medical, LLC; Licensing, Permits & Zoning ("Project").

Dear Honorable Mayor Litman:

I would like to commend you and the City Council for the substantial leadership rendering remarkable results, which shall immediately extend the economic opportunity of jobs, tax revenues and further development for the City of Mesquite and the State of Nevada. My continuing strong support for *Mesquite Regional Business, Inc.* ("MRB") is confirmed through their considerable competence and demonstrated diligence delivering the substantial benefit of this Project for the financial vitality of this region. In my view prudent judgment dictates that the City Council of Mesquite should *continue funding* MRB efforts which shall undoubtedly deliver further economic prosperity to the City of Mesquite.

Gaye Stockman and her Company displayed a clarity of vision in this undertaking, making the purposes and processes understood and immediate progress possible. We sincerely felt her personal commitment and appreciate her continuous clear communication and tireless enthusiasm providing a collaboration of skilled business and government leaders illustrating the capacity to deliver solutions and renewed economic vigor from the combined public and private sectors.

George Gault's leadership and MRB's determination in providing all parties with critical data and guidance contributed considerably to making this Project a viable business opportunity that will play a role in Mesquite's prosperous future. The honesty, integrity, and professionalism displayed by MRB was truly appreciated and precisely what was needed for this Project.

We again commend the substantial skill, personal grace and courteous yet effective professional demeanor making Mesquite and Nevada the place where things happen.

Best Regards,
